

Re: Leadfree/ROHS compliance Certification

To: Whom It May Concern;

Cal-Chip Electronics is certifying all parts produced under GMC, CHV, GHQ, GUQ, TC, *RM, *CRM, *CRLM, *CRS, *CWR, *RMH, RN,*CN, *CPN, WB, SSL, FB, FBH, FBU, CS, CSDB, CSDS, NL, GLF, GHF, CCV, CCVZ, the complete CV Series and CC(LED's) to be in full compliance of the ROHS directive 2011/65/EU.

Concentrations of Lead, Mercury, Hexavalent, Chromium, PBB, PBDE are all not present or under 1000 ppm and concentrations of Cadmium are under 100 ppm as applied to the homogenous level. Some Resistive products are under exemption, 7CI (see asterisk * below). As of Sep. 1, 2004, all above series of products have been under full production in accordance with the ROHS directive.

Labels have been integrated with the ROHS symbol next to a Cal-Chip logo (Green).

* RM, RMH, CRM, CRLM, CRLP, CRS, CWR, CN and CNP series compliant with Pb exemption 7CI, (lead in glass) of ceramic electronic components.
