

NOTICE

Effective Date: 1/1/2013

Summary: This notice is to advise Cal-Chip's valued customers that the designator to Calchip part numbers of "LF" will no longer be an available option.

With the exhaustion of Non-RoHS inventory and E.O.L. of all Non - RoHS material, Calchip will no longer be offering the "customer designator" of "LF" at the end of Cal-Chip's part numbering schematic. This designator was optional during the time of transition which is hereby complete. Please note that we will continue to follow policy set forth by our RoHS compliance certificate which states;

"Labels have been integrated with the RoHS symbol next to a Cal-Chip logo (Green)."

Thank you,

Cal-Chip Electronics Management
